

ENGAGE

Go Construct ENGAGE is a series of activity plans designed specifically with industry experts to be delivered in schools and educational establishments. These visits are part of our Corporate Social Responsibility and will help inform pupils of their career choices in order to address the skills gap. This **interactive PDF** will allow you to access all activity plans and delivery presentations.

Hover your mouse over certain elements, and the cursor should change from an arrow to a hand. When this happens, you can click the item, to be taken to the link. Try clicking on the logo below...
